Rotary Club Minstrel Show Set for Dec. 3-4

Any resemblance between the facts of life in the lumbering era and the story that the Grayling Rotary Club will tell on Dec. 3-4 will be strictly coincidental.

Those are the dates of the annual Minstrel Show which has as its theme this year, Milltown - The Lumbering Era. The rugged lumberjacks include "Spike" McIsaac, "Cross-cut" Nunn, "Axe" Naour, "Moose" Branch, "Bull" Thomson, "Slim" Hull, "Stix" Thompson and "Cookie" Lange.

A fictitious Saturday night on the town will see the "Roustabout" Chorus singing the rousing songs of the period. At any rate, they will be singing songs of some period, according to show director Howard Taylor.

The rousing musical accompaniment and Dixieland solos will be played by the Treetop Sextet, alias the Original AuSable Dixieland Band.

The lumberjacks and their helpers will tell the tale at the Grayling High School, Joseph Stripe Auditorium beginning each night at 8 p.m.

Tickets are available from any of the Grayling Rotary Lumberjacks.

Celebrates 93rd Birthday

Laura Olson celebrated her 93rd birthday on November 16, 1981. She welcomed visitors and a phone call from her grandson whose birthday is the same day.

After supper her co-residents, Mr. and Mrs. Matson and staff helped her celebrate with punch and a large beautiful cake, a very festive occasion.

Laura was born in Tekonsha, Michigan in 1888, moving to Crawford County when she was eight years old with her parents, John and Ellen Failing, three sisters and a brother.

Her father owned a sawmill in Beaver Creek. She married Esbern Olson and they had two sons, Nels P., owner of Olson's of Grayling and Esbern Jr. of Ohio.

She also worked twenty years for the Emergency Relief with Ann Brady Aldrid. Laura loves to walk in fresh air.

Industrial Park Answers Bugle Call

By Jon Thompson

Its charge hasn't been as dramatic as an United States Cavalry troop coming to the rescue, but the City of Grayling is bringing precious aid to an area under attack from economic hard times.

The city - stung from the loss of Bear Archery (350 employees) a couple years ago - has bounced back admirably with a booming industrial park.

Four new businesses have joined the park since 1979. Additionally, next to the park - an area the city is also promoting - Georgia Pacific

has bought 20 acres to build a new warehouse and A & R Wood Products is building a \$2.5 million plant.

Business is moving so well at the Industrial Park Complex, located southeast of the city, the city recently acquired 25 acres from the DNR for expansion. Twenty-one acres of the original 29 acres opened in the park in 1974 have been filled already.

The city is currently negotiating to acquire five more acres from the DNR. Besides this, Grayling City Manager Jerry Morford said about 38 acres from the Grayling Reel property nearby will be available in the future.

Morford said the addition of businesses like A & R See Industrial on Page 6

Snowstorm Hits County Below Belt

By Jon Thompson

Some say there's no good time for a snowstorm, but last Friday's heavy snowfall definitely hit the county at the wrong time.

Because of lay-offs and reduced revenues, the Crawford County Road Commission has no money to send workers out on overtime to clear county roads. Thus, last Friday afternoon when quitting time came, county roads that weren't clear had to wait until Monday.

To compound problems, Road Commission Manager John Keir said roadways were still relatively warm this early in the season and the snow packed down quickly on them eventually forming hard, slick ice on many county roads. Monday and Tuesday, road crews were out plowing, sanding some intersections, and other clean-up jobs.

The state pays for snow removal on state trunklines I-75, U.S.-27, M-72, and M-93 so county crews do work some overtime on these roads. M-72 East, however, is a lower priority than M-72 West so the two roads receive different treatment.

Local Man Injured In Hunting Accident

David Annis, 31, of Grayling, was severely injured last Wednesday when his hunting rifle accidentally blew up in his face while he was hunting north of North Down River Road and Whirlpool Road.

Budget Nears \$2 Million; County Trying To Hold Line

By Jon Thompson

Money Makers For the County

By Jon Thompson

Although Crawford County will receive more than a million dollars in property taxes for 1982, the county receives revenues in a variety of ways - from \$65,000 from state income taxes to \$3,000 for dog licenses.

The two largest sources of revenue for 1982 behind property taxes will be \$160,000 in federal revenue sharing funds and about \$144,000 in PILT (Payment In Lieu of Taxes) payments on state and federal land in the county.

Five county departments pull in a large amount of greenbacks; District Court, \$78,000; Sheriff's Dept. \$53,000; County Clerk's office \$46,000; Register of Deeds \$35,000, and Building and Zoning \$15,000.

Court costs in District Court bring in the most revenue there, housing out-of-district inmates, ambulance service, and serving legal papers bring in revenue for the Sheriff's Department, and numerous services and operations run by the Clerk's Office bring in revenue.

Recording fees and revenue stamps at the Register of Deeds and licenses and permits at the Building and Zoning Department also bring in large amounts of revenue for the county.

The county also receives about \$76,000 in outside law enforcement funding and \$50,000 in court reimbursement programs.

By Jon Thompson

The Crawford County Board of Commissioners is trying to lasso a huge beast - the county budget - and keep it from reaching a landmark this year, the \$2 million plateau.

The county's 1982 proposed budget is \$1,986,831. Neighboring Roscommon County's 1982 budget is \$2,400,000 and Otsego County's 1981 budget is around \$2,170,000 - both past the \$2 million plateau.

About \$177,000 is public transit and council on aging millage included in the county's budget for the first time next year helped push the totals near the \$2 million mark.

For 1981, the final figure is expected to be about \$1,865,000.

The county should receive about an \$84,000 increase in property taxes for 1982. This increase will be eaten up by inflation as 28 county departments will receive small increases, averaging about \$500 to \$1,500, in their appropriations.

See Budget on Page 13

County Split Into Seven Districts

By Jon Thompson

Crawford County will be divided into seven districts for the next ten years with each district holding about 1352 persons.

The Crawford County Reapportionment Commission redrew county commissioner districts because of population changes recorded in the 1980 census. The county currently operates with a seven-district county commission, but new district lines will be put into effect after the November, 1982, election in which all seven county commissioner seats will be

voted on.

The new lines will lump current commissioners Mary Harland and Matt Bidvia into the same district - number two. District number six in the new plan has no current commissioner living within its boundaries.

The new districts are divided this way:

DIST. 1 - Grayling City north of AuSable main stream (1351 persons).

DIST. 2 - Grayling City south of main stream and part of Grayling Township south of main stream and M-93 (west of city), east of Military Road, and west of Stephan Bridge Road (1357 persons).

DIST. 3 - All of Beaver Creek Township and part of South Branch Township west of Chase Bridge Road except for section 33 of Township 25 North Range 2 West (1332 persons).

DIST. 4 - Part of South Branch Township east of

Chase Bridge Road, part of Grayling Township east of Stephan Bridge Road and South of main stream, and all of Lovells Township (1333 persons).

DIST. 5 - Part of Grayling Township north of main stream, East of M-93 except for a portion of land near Hartwick Pines (1364 persons).

DIST. 6 - All of Maple Forest Township and part of Frederic Township north and west of a line following the north line of Sections 30, 29, 28, 27, 26, and 25 (1362 persons).

DIST. 7 - Frederic Township south of the line along the north section line of Sections 30, 29, 28, 27, 26, and 25, and part of Grayling Township north and west of Military Road and M-93 plus a small portion of land near Hartwick Pines (1364 persons).

The five-member reapportionment commission will be

Trenary earned the honor with more than 100 solo tackles during the season from his linebacker spot. Norman, the Viking's quarterback, passed for more than 500 yards and connected on seven touchdown passes. Norman, who also played safety on defense, hit on more than 50 percent of his passes.

Jack and Joel Money were honored for their defensive play and offensive line work. Jack was the Viking's center and Joel played tackle.

Undeclared Cheboygan placed ten members on the two squads - six on the first team.

From Our Corner ...

Happy Thanksgiving

With that out of the way...we'll try and get this turkey on the way even though it is Sunday afternoon...with our early publication this week this is really Monday and tomorrow will be Tuesday to us anyway...the Avalanche will be on the street and in the post office Tuesday in order for our readers to have their favorite newspaper before the day to be thankful arrives...it will also give you a chance to read what you missed Wednesday after you are through filling up on turkey and all the trimmings...

We do have a reprieve this year over last year...with Thanksgiving always falling on Thursday, last year we had a triple shot of getting out the Avalanche early...Christmas as well as New Years also fell on Thursday...this year they are Friday and we can publish ordinarily on Wednesday...

The big storm that hit just about the entire United States left its mark on our area...the storm hit here some time during Wednesday night and snowed and blew all day Thursday, letting up during Thursday night...all in all we received around a foot of snow...warmer weather came in Saturday and made just about all of the side streets in Grayling a sheet of ice...we know we spun around on one of the corners trying to turn Saturday evening, it was quite an experience...for posterity, the days were Nov. 19, 20 and 21...

Now that football and girls' basketball are over with attention turns to varsity and junior varsity basketball, boys wrestling and girl's volleyball...the ol' fella from Our Corner wants to wish all who participate and the coaches of the teams a successful season...these sports help make the winters up in the north seem a bit shorter...good luck to all...

From the Las Vegas Sun...You know your in trouble when...you're the only one left for your class reunion...

An idle thought...come Monday morning we will have to wear our M cap backwards...the Wolverines will not be heading for the Rose Bowl come New Years Day...the Buckeyes of Ohio took care of that Saturday handing Michigan a 14-9 defeat...we read Sunday that they accepted a Bluebonnet Bowl bid in Houston...just isn't like the smell of roses...

This is going to be it for this week's turkey, too many things to do for this short week...

Thanksgiving Day is only celebrated in Uncle Sam's country...it is the day for all of us to sit back and think of the many things we should be thankful for by living in the United States...there are many...

We have reprinted the following for many years...it is still suited for this year and many to come...

Thanksgiving — '81

"Rest and be thankful." How far modern man has strayed from that wise old Scottish counsel! Too often we scurry about our daily affairs, complaining of traffic, the state of the Union, food prices and the like — never bothering to count our blessings. This Thanksgiving Day, November 26, would be an excellent time to reflect upon the true meaning of life in America and, in so doing, come to a real appreciation of our good fortune.

Thanksgiving is more than a unique American celebration to be observed with parades, roast turkey and speeches. It honors the beginnings of the U.S. and our rich legacy of freedom, won by the blood and sacrifices of the first American settlers and others who came before us. How can anyone breathe the sweet air of freedom and not dedicate themselves to the democratic ideals which make life worth living and upon which this nation was founded? That each of us should be alive and living in the greatest country on Earth is cause enough to give thanks every day of the year. We should never be too busy to "Rest and be thankful."

Have a nice Thanksgiving Day...goodnight T.J., Jeff and Amber, and to all, we hope your day will be just like you planned it...

The Bible Speaks

From Calvary Baptist Church

JUSTIFICATION AND GOD'S LAW

Since we have already seen that God justifies man by faith in the shed blood of Jesus Christ alone, what about the places of God's Old Testament law in justification? God concludes that His law has no part at all in man's justification by faith. "Therefore we conclude that a man is justified by faith without the deeds of the law." Romans 3:28. For example, man's obedience to the 10 commandments of the Old Testament has nothing to do with his justification.

There is but one God. This God was God of the Old Testament Jews and also of the Gentiles who never followed the Old Testament law. "Is he the God of the Jews only? Is he not also of the Gentiles? Yes, of the Gentiles also: Seeing it is one God, which shall justify the circumcision by faith, and uncircumcision through faith." Romans 3:29, 30. What ever the ordinance or sacrament, if it be circumcision or baptism, none of these things can bring justification. Justification is apart from man's deeds either in the church or outside of the church. Salvation is in the person of Jesus Christ, not the program of the church.

Those of us who take a strong stand on the doctrines of God's Grace are often accused of ignoring God's law. This is the natural observation of the natural mind which does not understand God's Grace. "Do we then make void the law through faith? God forbid: yea, we establish the law." Romans 3:31. Just because God's law has nothing to do with man's justification doesn't mean it has no place in God's program. The entire book of Galatians was written to show God's churches that obedience to God's law was not a part of their salvation and sanctification.

Paul said under control of the Holy Spirit, "For I through the law am dead to the law, that I might live unto God." He reminds us that he had disobeyed God's Holy

law and therefore stood condemned by God's law. God's law could not save man, it could only condemn his sin. "Christ hath redeemed us from the curse of the law, being made a curse for us: for it is written, Cursed is everyone that hangeth on a tree." Galatians 3:13. Why then did God give His law to His people, the Jews? "Wherefore then serveth the law? It was added because of transgressions, till the seed should come to whom the promise was made; and it was ordained by angels in the hand of a mediator." Gal. 3:19. God added his law at Mount Sinai because of the growing sin or transgressions of His people. The law was like a mirror, it was their schoolmaster to "bring us unto Christ." (Gal. 3:24.) The primary purpose of the Old testament law was fulfilled with the coming of "the seed" which was Jesus Christ. (Gal. 3:16). Have you been justified by faith in the finished work of Jesus Christ alone, apart from your obedience of God's laws? (adv.)

Social Security Benefits For Students Curtailed

Social Security benefits for students between the ages of 18 to 22 will be sharply curtailed as a result of recent legislation.

There will be no new entitlement to student benefits for post secondary schools after July 1982. Those who first become eligible during the period September 1981 through July 1982 will receive benefits only

through July 1982.

Benefits for those entitled to Social Security before September 1981 will be frozen at the July 1981 rate and there will be a 25% reduction in their benefit each year starting with August 1982. Benefits will not be paid for the months of May, June, July or August starting in 1982. This will phase out all post secondary student benefits by April of 1985.

Beginning August 1982 elementary and secondary school students can receive benefits as under the old law except that no benefits can be paid for months in school after a child reaches 19.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

For the past fifteen years the hows and whys of logging as it was done in Michigan's pine forest from 1840 to 1900 have been the subject of much interest and research upon my part. Interpreting that history is the major part of my job, but beyond this fact is the fascination I have with this portion of our history. Over the years I have become less interested in those we commonly call Timber Barons and increasingly interested in those who labored daybreak to sundown six days a week in the shadow of the Tall Timber. That they survived and even thrived on this kind of existence astounds me at times.

They worked extremely hard, doing very monotonous and often very dangerous work, all without any assistance from a well-known governmental safety organization and not only did they work hard, but they played hard too, often to excess by our terms. I believe they played hard to celebrate the fact they were alive and with the thought that tomorrow might bring death or disabling injury. On Saturday nights in many camps a fiddler would tune up to play music for a dance.

Without women or ladies in the bunkhouse, someone would tie a grain sack or blanket around their waist, thus becoming a dance partner. Some might snicker and think sissy, but I would ask any who haven't worked sunup to sundown six days a week; pushed snow to their belt buckles while gaining access to trees or the trunks thereof; endured a boss who was living up to his reputation by pushing hard; had hands so badly chapped with what they called frost cracks which they sewed together with needle and thread; slept in a bunk full of bedbug infested hay and an equally odorous partner; breathed the air of a bunkhouse full of the stink from dirty wet pants, socks, underwear, shirts, coats and felt-lined boots, and with the prospect of no pay at season's end if the contract isn't met, to say sissy to the men who did so. They were proud of their manhood and willing to prove it by deeds performed with a saw, axe, peavey, or work-toughened fists. They were the "Shantyboys" of Michigan. May their memories never fade from ours.

pipeline near Barker Lake. Tuesday morning about 10:30 a.m. in heavy fog, Kaloin stood up in his blind along the edge of a pipeline. As he stood to stretch he was shot in the leg. He immediately dropped to the ground and fired a shot in the air. A hunting companion heard the shot and came to assist Kaloin. The Crawford County Sheriff Dept. is still investigating the shooting but considers it accidental.

Friday and Saturday three local residents were involved in traffic accidents. Susan Dratnol, 24, of Grayling, lost control of her car on Old 27 three miles north of Frederic and it slid across the center of the road into a car containing three downstate passengers.

On Friday, at the intersection of Old 27 and M-93, a car driven by Richard Myers, 33, of Grayling, allegedly was unable to stop at the intersection and collided with a car driven by James Harland, 18, of Grayling. Myers was transported to Mercy Hospital by the Crawford County Ambulance Corps.

On Sunday, Old Dam Party Store reported a theft of an amount estimated to be \$600 to \$1,000. The Sheriff's department is currently investigating the theft using information supplied by a local resident.

Three rifles worth about \$1,800 were reported stolen from a motor vehicle owned by a Pontiac resident. The rifles were taken Wednesday while the vehicle was parked on County Road 612.

On Monday, November 16, a shed containing recreational equipment owned by Arnold Bader, of Grayling, burnt to the ground. The value of the property lost was estimated at \$4,500.

Finally, at the end of a busy week for the Sheriff's dept. which handled 100 calls, a window was shot out at an Indian Glens Subdivision home with a 30-caliber weapon. The Sheriff's dept. is urging all hunters to be extremely cautious before firing.

Wood Products is a boost to the area.

"We've heard all about Bear Archery leaving Grayling," Morford said. "Now it's time to hear about the new businesses moving in."

The city recently annexed 80 acres near the industrial park and has been promoting the entire area. Nine businesses, Airway Automation, Milan Supply, Miller Equipment, Great Lakes Glass, Miner and Son Roofing, AuSable Construction, Fischer Plack, Mac Distributing, Milltown Tool and Engineering, are located with the city industrial park. Located with the park complex and using the park services are A & R Wood Products, Grayling Reel, Fred's Auto Body, Krumrei Beverages, Auman's House of Catering, and Great Lakes White Auto-car.

RSVP Reports

Welcome! Last week we covered a little of the history of how the Retired Senior Volunteer Program started 10 years ago.

Volunteers nationwide provide 52 million hours of service annually. A modest estimate puts this at \$167 million worth of free community services across the United States, Puerto Rico, the Virgin Islands and Guam.

Funding for RSVP and Older American Volunteer Programs are being maintained at previous levels. The Federal government and state governments recognize the value of funding the RSVP.

The significance of RSVP grows in response to the steadily increasing numbers of Older Americans. The inability of society to afford many vitally needed activities and services, and the large reservoir of older persons willing and able to volunteer their services make RSVP a much needed and wanted project. As more and more seniors become aware of RSVP and what it and they can do jointly the program will become stronger and even more effective.

RSVP projects in the Washington DC, Alexandria, VA and Montgomery County, MD, sprang into action last April.

After the attempt on President Reagan's life, the White House was flooded with get-well messages. 50 volunteers from the combined project responded to the call from the White House supervisor of the Comment and Greetings Office. They sorted cards and letters, dividing mail into get well wishes from adults and those from children and addressing envelopes.

In Michigan, the Monroe RSVP is sponsored by the Monroe Senior Citizens, Inc. It began in September of 1973. Presently they have 425

active volunteers who in September of 1981 served 9,953 hours at 52 volunteer stations. In Monroe, volunteers serve at the schools, libraries and other community projects as the need arises.

Here in Crawford County, we have approximately 150 volunteers who in October served approximately 2050 hours at 39 stations.

We have assignments available for persons interested in making toys for Business & Professional Womens community service projects. These toys will be given at Christmas time to needy children. Patterns and materials are furnished. You furnish the time.

We are also in need of volunteers to sew together boys p.j.'s for the B & PW group. These p.j.'s and gowns are also given out to needy children along with mittens and hats at Christmas time.

After Jan. 1 we'll be needing volunteers to answer the phone and take messages at the Youth Services Office.

If you're interested in any of the above assignments give the RSVP office a call at 348-4341 or 348-8322 or stop by at 308 Lawndale.

Editor's Mailbox 10th Dist. G.O.P. OK Milliken Work Comp

Dear Whitey:
In last week's paper I read the letter from Mr. George H. Morse and his concerns. I feel this issue should be clarified.

According to reports at prior meetings there was overcrowding on the busses last year. This year it is worse, 92 on a 66 capacity bus.

Several calls were made to the Attorney General's Office, the State Board of Education and the State Police, the results mixed.

There is no law on capacity just recommendations from 3% or 10% over stated bus capacity.

The one consensus was, it is dangerous to overload.

This is our concern, the safety of all children.

The liabilities are vague and it probably would be determined in the courts when some child would be maimed or killed on an overcrowded school bus.

This information which we gathered was relayed to the Crawford AuSable Board of Education for them to evaluate.

Our goal is to economize, but in different areas, not this one. This is where the school has cut monies, two bus drivers laid off this year, no busses delivered since 1979.

House Bill No. 4071 would alleviate this problem now and in the future.

THINK - before we can return to sound basic education we have to get them to the school door safely.

Sincerely,
Clement C. Sajdak, Pres.
Concerned Citizens of
Crawford County

Arthur Thayer, of Grayling, Crawford County Republican Chairman announced today that he, along with GOP leaders in 22 other counties in Michigan's 10th Congressional District, is calling upon the Michigan State Senate to act on Governor Milliken's Economic Revitalization Program. Throughout the district, Republicans and concerned citizens will be voicing their support for the enactment of the Milliken plan, Senate Bills 514-520, to cut the cost of Workmen's Comp which is hindering the growth of the Michigan economy.

In commenting upon the district resolution, Thayer stated, "We Republicans are putting the Democrats on notice that the people of Michigan won't stand for further Democrat stonewalling on Work Comp."

Thayer also stated, "With over 500,000 unemployed people in our state, the message to the Democrats in the State Senate is to support the Governor's economic package. Michigan needs jobs, and we need to attract new businesses. Cutting the cost of Work Comp is a step in the right direction."

Thayer further commented that "The Democratic policies have given us a high rate of unemployment, skyrocketing interest rates and incessant inflation. Now is the time for Democrats to join Republicans in order to create a favorable business climate and put Michigan back to work."

Energy Adventure Presentation at High School

"Energy Adventure," a fast-paced presentation describing current energy issues, will appear at 9:10 and 10:10, Wednesday, December 2, in the Grayling High School auditorium according to Kent Reynolds, principal.

Produced by Oak Ridge Associated Universities (ORAU), "Energy Adventure" answers questions about where energy comes from, how it is used, and why it is becoming scarce and expensive. This ORAU presentation is sponsored by Total Petroleum, Inc.

Focusing on an array of colorful graphic and electronic teaching devices, "Energy Adventure" features a see-saw that demonstrates the principle of supply and demand, a wisecracking gasoline pump, and a hand pump to compare human energy with other energy forms. Audience members participate in most of the demonstrations.

Mary Huffman, the teacher-demonstrator, uses these electronic teaching aids to put complex energy issues in a fresh and entertaining perspective. Mary, a graduate of University of the South, Sewanee, Tennessee, has received extensive additional training from ORAU about the complexities of energy.

Legislature Moving On Some Property Tax Reform

Warren M. Hoyt, Executive Director, MPA

The state Legislature, following the defeat of a special property tax shift package last summer, and facing another budget cutting constitutional amendment next year, is moving to give Michigan citizens some property tax relief by next year.

Although facing reservations about the state budget's ability to shoulder property tax relief, legislators see some action as a must to head off a statewide ballot proposal on which they would have no control.

Property taxes are voted, assessed, collected and spent locally, but the Legislature has been getting the heat as property taxes around the state continue to spiral upwards.

The previously defeated petition ballot proposals - November, 1978 and November, 1980 - would have required the state budget absorb the entire cost of about \$1.2 billion per year as they would have required the state budget to reimburse the local units of government for losses due to the property tax cut.

The current proposal, already passed by the House of Representatives and before the Senate where it, too, is expected to pass, would provide for and adjustment in the current property tax credit against an individual's income tax liability.

The present "circuit breaker" concept provides for a 60 percent credit against income taxes for property taxes in excess of 3.5 percent of a taxpayer's income.

The new proposal would reduce the income figure to an even 3 percent plus give additional relief to senior citizens on a fixed income who rent.

An additional \$150 million per year in relief would be provided by the formula change. Already the state pays out over \$500 million per year in the property tax credit but the credit is not very visible because taxpayers receive the credit as part

of the income tax return rather than as a credit against their property taxes when they become due and payable with their local treasurers.

The Legislature is also working on legislation to adjust the timing of the credit. Under the proposed legislation, a voucher would be issued for the amount due each taxpayer under the "circuit breaker" system.

The voucher would be taken in when the property taxes are due and the local treasurer would deduct that amount directly from the person's tax bill.

The system would provide relief when the taxpayer most needs it - at the time his or her taxes are due.

One major problem with the system would be a blow to the state and local government's cash flow. The state would have an immediate problem of \$300 million while the local units would have like problems as the state would be required to make local reimbursements in four equal installments.

Under the relief legislation, the amount of credit against income taxes available to each taxpayer would increase from the present maximum of \$1,200 to \$1,400 per year.

The new relief would take effect if and when the growth in state revenue tops the Gross National Product state and local deflator next year according to all predictions.

Senior citizens who rent their residence would be subject to a greater credit. Under the bill, effective in 1982, they would be able to receive a 100 percent credit for rent paid in excess of 40 percent of the senior's annual income. The estimated cost of this would be \$5 million per year.

Property tax relief is at hand. It appears it will not measure up to a Tisch-type cut, but in light of the state budget, it will represent a first step toward reform in the future.

News of Good Things Growing

By Margaret G. McCall

The second best thing about Thanksgiving dinner is the leftover. I always buy the biggest turkey I can find to insure there'll be leftovers. What to do with them? Here are a few suggestions to start you thinking - you will add lots more.

Make extra dressing and refrigerate up to three or four days. Top with slices or chunks of leftover turkey, then leftover gravy or broth, and bake for a delicious supper casserole.

Dice leftover turkey for salad, and add any or all of the following, in whatever proportions you find most appealing: minced onion, diced Michigan apples, sliced Michigan celery, chopped green pepper. You can see we're talking here about Good Things Growing in Michigan. Add a little curry or ginger to your mayonnaise, and a little whipped Michigan cream. Serve with soup and rolls for a complete meal.

Combine diced turkey with cooked thin spaghetti, grated cheese, sliced fresh mushrooms and canned cream of chicken soup, for Turkey Tetrazzini. Heat in an oven casserole until bubbly, sprinkle with slivered almonds for crunch, and enjoy. A tossed salad is good with this.

Never throw away the turkey carcass. Simmer it with lots of water, an onion or two, the tops of some celery stalks, and a few carrots. After long simmering, strain and you have a rich flavorful broth for turkey-noodle soup with vegetables. The broth can be frozen for later use, too.

Combine leftover squash and mashed potatoes, fold in beaten eggs and melted butter (more good Michigan products), pile high in a greased shallow dish and bake until golden. Call it whatever you wish - it's a crowd pleaser.

As I said, leftovers are the second best thing about Thanksgiving. The best? Seeing all my beloved family around the groaning board!

Ask a Student....

George Morse, son of George and Lorna Morse of Grayling, is a junior at Grayling High School this year. He has been active for seven years in the school system's performing arts programs. As one of the High School's top Band students, George has played his cornet in the marching, pep, concert, and jazz bands. He was last year's winner of the local Louis Armstrong Jazz Award, and he has qualified for the regional honors band for the last three years. Theatre patrons have seen George in nearly every play and musical presented on the Grayling High School stage in the last two years. After graduation, George intends to study music, with the hope of becoming a professional musician. The cutbacks which resulted from the last millage defeat haven't helped him to achieve his goal...

• **THE BAND** is much smaller this year. Some of the Band members just couldn't fit the class into their schedules when the school day was cut from seven to five periods. Because of that, we have to play easier, less challenging music. I don't have anything to work toward, because we're not preparing for marching or concerts or festivals.

• **THE JAZZ BAND** was cut, too. Just as we were beginning to book more engagements and become more widely known in the area, our group was eliminated.

• The **ADVANCED PLACEMENT ENGLISH** courses were cut, so I didn't get to take those classes this year. And if the financial situation doesn't improve, I don't think I'll be able to take them my senior year, either. I need those classes in order to have a good English background for college.

George worked as assistant director in last fall's drama, "Summertime."

Sweet Adelines to Present "The Notecracker Sweet"

Due to the overwhelming success of the October 17th performance of "The Notecracker Sweet", the Mid-Mitten Chapter of Sweet Adelines is presenting a matinee performance of their show on Sunday, December 6th at 3:00 p.m. The Toyshop in the Houghton Lake High School Auditorium will be "locked up tight" by Toyman Kurt

Kolka, so that the Elf, played by Clara Handy, can wake up all the toys for your entertainment.

Be sure to be there when Baton Twirler, Susie Delleree, and Betsy Ross, played by Patty Bechill, help Director Carolyn Kolka start things off with the ever popular "Stars and Stripes Forever". It is certain that children of all ages will

delight at the appearance of "Puff The Magic Dragon" and his friend, Jackie Paper, played by Bob Hughes and Chris Deamud, respectively. And who wouldn't love the favorite "Scarlet Ribbons" featuring soloist Julie Fields and Ballerina Julie Huss.

Each toy will, in turn, have an opportunity to entertain you with song and dance. No one will want to miss the hauntingly beautiful "Why Doesn't Santa Claus Go Nextdoor", featuring Chorus member Leslie Gandolfi, her daughter, Julie, and Kathy Bechill.

Also featured in this matinee performance are two barbershop groups from the Houghton Lake High School and a special appearance by Santa Claus. Tickets may be purchased from any Sweet Adeline member or at the door on the afternoon of the performance. Ticket prices are \$1.00 for children and \$2.00 for adults. We hope to see you there.

Senior Citizens Homemaker Service

Meeting and talking with Senior Citizens is one of the most interesting things that I do. I have been working with Senior Citizens for almost 2 years now and am still impressed with their zest for life. They take such pleasure in the small things around them and they have a very rich cultural background. They also have great stories about their past experiences. They always lift my spirits and give me a feeling of hope. Thank you Seniors for just being you.

We have at the present time served 55 different Senior Citizens for various needs. To qualify for Homemaker Services you must be handicapped, 60 years of age or older and be a Crawford County resident.

The Homemaker Service consists of assistance in performing routine household activities to maintain an adequate living environment for the individual. Homemaking tasks might include light housekeeping, meal preparation, laundry services, grocery shopping and occasional transportation to medical appointments. However the transportation services should be kept at a minimum. If you are able to use Dial-A-Ride please do so as it is much less expensive.

As you have probably heard our budget has been cut and we have been forced to resort to a fee scale that the government gave us on reimbursements for home-making services. Our total yearly budget was only \$4,863.00 plus the hoped for donations. This money went for 4 Homemakers wages, at \$3.35 per hour and mileage at .22 per mile. As you can plainly see the government grant will not last long for 37 clients if the people that are helped and can afford to donate don't each donate their fair share.

If you, or you know of anyone who needs our Homemaker Services please call the Senior Citizen Center (348-9314) for more information. Better yet come in and see us. You are welcome anytime. We are located at 308 Lawndale.

New Alliance Answer Line

The New Alliance for Education is based on a philosophy that one-to-one communication about school system facts and community needs can combine to promote quality schools and a growing, prosperous community. To help reach this goal, the "Answer Line" will research your questions and provide accurate, complete answers. If you would like a question answered in next week's column, send it to "Answer Line", Rt. 1, Box 2348, Grayling, or leave it at the Avalanche Office. We received the following questions to be answered this week:

If the millage passes,

1. What will happen to money already donated to restore extracurricular activities and libraries?

The New Alliance based its millage request on donations received since September for extracurricular activities. On this basis, it was decided to request a lesser amount. Athletics for the fall season - football & girls' basketball - have already been funded by donation. If the millage proposal passes, winter and spring extracurricular activities will become part of the school budget. Donations collected by the Fine Arts Council and for libraries will be used to supplement these programs.

2. If the millage is passed, teachers will be re-hired for the Frederic School and for classes dropped. What I want to know is will present teachers be replaced with (teachers qualified in these teaching areas)?

If the millage passes, administrators plan to re-place teachers within their certified areas as much as possible. It is to the administration's benefit to do so; the University of Michigan's accreditation guidelines include teaching assignments within certified areas. Affecting assignments will be resignations, voluntary lay-off and leave-of-absence requests made after the August millage defeat.

3. Why did you request the election to be Dec. 10, with tax notices coming out Dec. 1 and Christmas two weeks later?

Dec. 10 was the last available date and additional millage could provide funds for this school year. It was also the first date available after the request for an election was filed. The New Alliance wants to reduce class size, restore programs and libraries and open Frederic School this year.

Girls Miss Upset in Season Finale 37-32

By Jon Thompson

Sophomore Heidi Bendig with 14 points and freshman Kris Laudenslager - filling in for injured senior center Jean Stevens - almost carried the Grayling Vikings over the 17-3 Roscommon Bucks in the opening round of state tournament action.

But the green and white team fell a little short once again to end their season with a 3-16 record.

Head coach Marilee Cheney said if her club could have gotten off to a better start at the Roscommon gym, they could have won the game.

The Vikings only scored one basket in the whole first

quarter but were still in the game thanks to their quick defense. The first quarter action ended with a 5-2 score and at half the score was still low at 16-7.

Grayling put on a surge in the third quarter knotting the score 25-25. Shelly Trenary hit on two free throws to tie the score and Cheney said Trenary played her best game of the year against Roscommon.

Senior center Jean Stevens injured her ankle early in the first quarter - one of the reasons the Vikings got off to a slow start. Bendig, Trenary, and Laudenslager, playing in her first varsity game, soon picked up the slack. Cheney also said Celina Eshenroder played her best game of the year for the Vikings.

Grayling shot 13 for 56 and hit 6 for 9 free throws. Grayling had 18 steals but turned the ball over 20 times - mostly on traveling violations.

Bendig with 14 points led the Vikings. Trenary had 6 points, Laudenslager had 6 points and 10 rebounds, Dianne Lee had 4 points, and Eshenroder had 2 points.

Budget

(Continued From Page 1)

Two large jumps are projected in jail and ambulance costs with a \$33,000 increase in county jail and \$12,000 increase in ambulance appropriations for 1982. Some of this money, however, is being spent to bring in additional revenue to the county - \$25,000 for housing other county inmates and \$15,000 in ambulance services.

Ten county departments - mainly part-time operations - will receive no increase over 1981 totals. Eight depts. will receive less in 1982 than in 1981.

The biggest cut comes in the area of appropriations given out by county commissioners to outside agencies, such as the Grayling McNamara Airport. The 1982 proposed total for appropriations is about \$160,000 - about \$45,000 less than in 1981.

If you think inflation doesn't hit government bodies as hard as it punches your household's midsection, look at the county's employee hospitalization insurance. It's expected to increase \$13,000 next year. Thirteen thousand in one year to bring the total amount to \$52,000.

The county's contingency fund level will drop to about \$15,000 from about \$26,500 in 1982. The Board of Commissioners' salaries will stay the same as 1981 and their department expenditures will increase by about \$8,000 with the addition of a secretary/telephone operator.

Millie: Did you have any difficulty with your French in Paris? Tillie: No, but the French people did.

St. Mary's Church, Grayling, was the scene of the October 23rd marriage of Deborah Jo Lorion and John Thomas Petersen. Rev. William Rabior officiated at the doubling ceremony. Deborah is the daughter of Mr. and Mrs. Bruce Lorion of Roscommon, and John is the son of Mrs. Keith Moore and the late Thomas Petersen of Grayling.

The bride was escorted to the altar by her father. Her gown was of knit chiffon trimmed in silk venise and re-embroidered chantilly lace. It had a sweetheart neckline, full Bishop sleeves, and a circular buffonte skirt with a chapel train. Her fingertip camelot veil was of silk venise and chantilly lace trimmed in lace and pearls. She carried a bouquet of white roses, burgundy sweetheart roses and baby's breath.

Debbie was attended by Miss Lisa Johnson, Houston, Texas, Maid of Honor, who wore a full length gown of burgundy polyester with burgundy lace jacket. She carried long stemmed burgundy and pink roses and baby's breath. Identically attired were Bridesmaids Kelly Smith of Akron, New York, Diane Babcock, Roscommon, and Shelly Petersen, sister of the groom, of Grayling. Best Man was Kent Denton of Grayling, and Groomsmen were Ernest Keipert, Roscommon, Scott Pick, Grayling, and Charles Lorion, brother of the bride, Roscommon. Rusty Shepard and Todd Petersen, brother of the groom, both of Grayling, seated the guests. Ring bearer was Mark Petersen, brother of the groom, and flower girl was Lindsay Pavek, cousin of the bride of

Grand Rapids. Julie Kline was soloist.

A reception was held at the K of C Hall in Roscommon after the ceremony for 350 guests, after which the newlyweds left on a short honeymoon in the Upper Peninsula. The new Mr. and Mrs. Petersen are now at home in Wyoming, Michigan, where both are employed.

Editor's Mailbox

Dear Whitey:
Last week I had the opportunity to do some substitute teaching in the Grayling Elementary School. Since I have taught in the Middle School and High School in the past few years, it was a new experience for me, and a most unsettling one.

I was quite impressed with the excellent job the teachers there are doing in spite of what they're faced with. I don't think that I fully realized before just how difficult it is to teach a classroom with 35 young children in it. Even the simple everyday tasks such as collecting lunch money or washing up before lunch take an inordinate amount of time when you are dealing with so many children; there are so many desks in a room that it is difficult just to move around from student to student; there are students with so many different levels of ability in one room that it is not humanly possible to really attend adequately to each level. Students of any age, but most especially our youngest ones, need to develop close personal relationships with their teachers, and they need to be allowed to grow as individuals. It is my sincere conviction that we as a responsible community must pass this millage request Dec. 10 in order to allow both our students and our teachers to reach their full potential.

Sincerely,
Lynn Thompson

Old Idea- New Setting

Psalms 26:1-12	Psalms 50:14-23	II Samuel 22:47-51	Psalms 144:9-15	Ezra 3:10-13	Colossians 4:1-6	I Timothy 4:1-5

When the Pilgrims held their first Thanksgiving celebration it wasn't a new idea. The idea was as old as man's awareness of his dependence on God.

But it was a new setting. A group of people far from home, barely settled on a strange shore, surrounded by dangers real and imagined, facing their first New England winter. A remarkable time and place to say "Thank You, God."

Whenever earnest men and women pause to express gratitude to God it's an old idea. But the setting is always new. For wherever we are, whatever the circumstances surrounding our lives, our faith reaches out to the Almighty — realizing anew his Power, his Love; saying "Thank You, God."

Worship with your neighbors this week.

Bits O'Talk

By Fay Bovee

Of interest to their Grayling friends, Eduardo and Cindy Bailey Marcano of Atlanta, Georgia, have another boy, Giancarlo David, who was born on October 16, 1981.

Mrs. Carole Batway was a visitor in Grayling at the home of the Don Fergusons. She was enroute from Newberry to their new home in Grant, Michigan.

Dick and Ann DuBois spent ten days recently in Ames, Iowa, where they visited her brother and family, the Byrl Houcks.

Mr. and Mrs. Emil Kraus and daughters, Catherine and Peggy, spent four days in Orlando, Florida. They stayed at the Tree Hotel at Disneyworld and enjoyed sightseeing there.

Jack Lund was one of the lucky hunters as well as being one of the most surprised ones. He shot a 4-point doe (no, that's not a misprint) in the Pigeon River area last Friday where he was hunting with a party from Ludington.

Bill Sherlock and his guest, Joanne Hart, both of Grand Rapids, will arrive for the Thanksgiving holidays to spend with his

parents, Jack and Kae Lund. Dr. and Mrs. Paul Juntilla have returned from a week's vacation in which they drove to Portsmouth, Virginia, to spend three days with their daughter and family, Richard and Winnie Lepsy, and boys, 7-year-old Joshua and 4-year-old Jacob.

Mrs. Peg Milnes is happy to be great-grandmother to twin girls, born to Roy Milnes III and his wife, of Denver, Colorado. The grandparents are Mr. and Mrs. Roy Milnes II of Roscommon. The girls arrived Saturday, November 21, 1981.

The Antique Club met at the home of Tom and Marian Welsh at Lake Margrethe on Monday, November 16. Guests were from Grayling, Roscommon and St. Helen. Jill Wyman, co-owner of the Ice House presented a program on quilts.

Pallbearers for Jerry G. Ward: Bernie Prater, Randy Davis, Frank Dible, Alan Davis, Howard Frinkle and Jim Dixon.

Pallbearers for Elroy Barber were Jeff Stephan, Bill Nowlin, Jim Bernard, Robin Dutton, Kevin Papendick and Tim Gabriel.

TEACH FIRE SAFETY—Assistant Fire Chief Reisinger was at Matson's Milltown Manor last week to instruct the employees & owners on the use of the fire extinguisher. Fires were built outside and they each put one out. With winter coming we all become a little more fire conscious. We want to thank Mr. Reisinger for his time, it was greatly appreciated.
